## ***Allergy Information Guide Information:***

Hello, welcome to our allergy information guide which is designed to help you make decisions on the food and drink that you order. As our menus do not include all ingredients, please use the allergy information guide to choose suitable dishes for you to eat and enjoy. Our allergen information guide declares allergens intentionally added only; **we cannot say that any dish on our menus is "free-from" any allergen**, but only that it does not contain that allergen as an ingredient. Our allergen information sheet **does not** include any **"may contains"** information where provided by our suppliers. Our kitchens also handle numerous ingredients and allergens and whilst we have strict controls in place to reduce the risk of contamination, unfortunately, it is not possible for us to guarantee that our dishes will be 100% allergen free. There is also significant risk of cross contamination from our fryers.

Please let a member of our team know if you have an allergy or sensitivity to any ingredient even if you have dined with us before.

Our allergen information covers the following major allergens: **Celery, Cereals containing Gluten (Wheat including varieties such as Spelt and Khorasan (Kamut); Rye, Barley, Oats), Crustaceans, Egg, Fish, Lupin, Milk, Molluscs, Mustard, Peanuts, Sesame, Soya, Sulphites (over 10ppm) and Nuts (specifically Almond, Brazil, Cashew, Hazelnut, Macadamia (Queensland nut) , Pecan, Pistachio, Walnut)** and products thereof.

We take care in producing this allergy information guide for you and work closely with the suppliers of our products to ensure data is accurate. This information may change at any time so please check with us for up to date information.
